November 2019

Dear parent/carer,

As many of you are aware, we have a dedicated area on the school website for curriculum information. You can find this section of the website by visiting the school's website and using the '**Curriculum**' tab, which is found across the top of the homepage.

Within the curriculum section of the website, you will find a number of useful pieces of information, including our 'extra-curricular activities' calendar, the 'showmyhomework' link and key stage specific information about what we teach, by year group and by subject.

We recommend that you take some time to look at what your child is studying as this will help you gain a balanced picture about the demands and the rewards of the curriculum as experienced by your child on a daily basis at school. You can use this information to provide support, empathy and as a vehicle for discussion and an opportunity to show further interest in your child's education.

For parents of students in Year 7 and 8 we recommend looking at the '**KS3 Curriculum**' tab which will allow you to download our **KS3 Curriculum booklet**. The booklet outlines the topics taught in every subject. Parents of KS4 students may find the '**Subjects**' tab to be the best way to explore the curriculum, as each subject area has its own dedicated webpage.

Do let us know if we are missing anything on this section of the website that would be of particular use to parents, as we regularly evaluate the information provided and endeavour to ensure it is of use.

Yours sincerely,

Mr Jones
