September 2020

Dear Parent/Carer

PSYCHOLOGY REVIEW MAGAZINE SUBSCRIPTION 2020-21

"Psychology Review" is a magazine written especially for A Level students. It contains articles that will broaden their understanding of key theory and recent research, so that they can build subject knowledge and essential skills ready for exam time.

In the past we have found that the articles in the magazine have enabled students to understand A Level topics with the help of leading Psychologists and academics, get exam advice from the experts to improve exam technique and key statistical skills as well as enabling them to look beyond A Level towards Psychology degrees and careers.

We would like to invite all Psychology students to purchase a year's subscription to the magazine at a special reduced rate. As part of this subscription, students will receive four issues of the magazine in September (delivered in October), November, February and April, as well as free online resources that will help to extend their learning and revision.

A one-year subscription costs **£18**. To place an order, please make payment through your ParentPay account by Friday 9 October. **Orders received by 4pm on Wednesday 30 September will benefit from a discount of £3.**

Yours sincerely

A handwritten signature in black ink, appearing to read 'Alannah Cullen'.

A small, circular stamp or mark, possibly a school logo or a personal mark, located to the left of the name.

Alannah Cullen
Subject Leader for Psychology and Sociology
