UNDERSTANDING THE JOB MARKET

Industry Sector Spotlight: High Performance Engineering

Each area of the economy has a different story to tell. We take a look in each issue of Classroom to Career at a sector where job opportunities are growing: this month we feature careers in high performance engineering.

Just the name sounds exciting, doesn't it? High Performance Engineering is the application of engineering sciences to industries where accuracy, performance, reliability and safety are critical. Our sector page gives you all the information you need to know about employment numbers, companies in Bucks and educational routes in to the sector.

[Visit our website to read more >](#)

What's booming in Bucks

If you're not sure what kind of career might be best for you, the new Sector Hub on the Bucks Skills Hub website is filled to the brim with information on all the key sectors in Buckinghamshire - from up-and-coming emerging technologies to the sectors booming with business growth. [Explore industry sectors here >](#)

UNIVERSITY
