Headteacher: Matthew Abbott

12th October 2023

Dear Parents and Carers,

Students in Year 7 will be completing an online assessment called Lucid Exact in their CP/ICT lessons in the coming weeks. This assessment helps us to ensure the right level of academic support is in place for all students. Students are not required to revise or prepare for the assessment in any way.

Students will need headphones to be able to access the assessment. We have headphones in school for students to use. However, if the student would prefer to use their own they must ensure that they bring them to school on the day of their assessment.

Headphones are available to buy via the school shop, if they do not already own some:

(<https://app.parentpay.com/ParentPayShop/Uniform/Default.aspx?shopid=1056>).

Any headphones that are purchased will be handed out to the student before their assessment. The deadline for purchasing the headphones is 26th October.

Please note that headphones need to be plug-in and pc compatible such as in the image below.

Please make sure that the 3.5mm headphone has a **2 ring - 3 Pole** connection and **NOT** a **3 ring - 4 Pole** connection. Wireless, AirPods or Apple connected headphones will not work with the school computers.

Students will be accessing the assessment in their CP or ICT lesson on the following dates. Please can you support your child in remembering to bring their headphones in with them on the correct day.

30th October: 7RR & 7FTU

31st October: 7KT & 7CSP

1st November: 7SC

A catch-up session will be provided for any student who is absent on their assessment day. If you have any questions about the assessment, please contact me via the school office.

Kind regards,

Fiona Champness
