1. Introduction

Our Governing Board has adopted this procedure to deal with concerns or complaints from members of the school community or public.

2. Aims and Objectives

Our school will be fair, open and honest when dealing with any complaint and aims to resolve it through open dialogue and mutual understanding.

All concerns and complaints will be carefully considered and dealt with as swiftly as possible. Sufficient opportunity for any complaint to be fully discussed will be provided.

In all cases the interests of the child will be placed above all other issues.

This procedure is underpinned by the following **framework of principles**: -

- encourage resolution of problems by informal means wherever possible
- be easily accessible and publicised
- be simple to use and understand
- be impartial
- be non-adversarial
- allow swift handling with established time-limits for action and keeping all parties informed of the progress
- ensure a full and fair investigation by an independent person where necessary
- respect confidentiality wherever possible (some information sharing may be necessary to carry out a thorough investigation)
- address all points of concern, providing an effective response and appropriate redress, where necessary
- provide information to the school's leadership team so that services can be improved.

3. Areas not covered by this procedure

This procedure does not apply to issues concerning admissions, exclusion appeals, statutory assessments of special educational needs, or grievances by school staff. These are the subject of separate complaints procedures; more information can be obtained from the school.

In addition, the Education Skills and Funding Agency (ESFA) can investigate complaints about academies. Full details about the role of the ESFA can be found on the Department for Education (DfE) website:

<https://www.gov.uk/government/organisations/education-and-skillsfunding-agency/about>

All other complaints are handled by the school according to the arrangements set out below, unless stated otherwise.

4. Stage 1 – initial concerns

Concerns about the school, or the education it provides should be discussed with the child's form teacher, subject teacher/Head of Year at the earliest opportunity.

It is **not** appropriate to publicise any concerns on social networking sites.

Please speak, or write (by letter or email), to the appropriate person at the school in the first instance, and at the earliest opportunity. If it is not clear who to contact, the concern should be raised with office@waddesdonschool.com, rather than using any other means.

The school takes any concerns very seriously and seeks to understand them through dialogue and discussion. The school works very hard to ensure that each child is happy and able to make good progress. It always wants to know if there is a problem, so it can help to resolve it.

Most concerns are resolved at this level. Should this not be the case and concerns remain, the matter should be discussed with the Headteacher.

5. Stage 2 – formal procedure

Any concerns not resolved at Stage 1 may be taken further in person, by telephone or in writing.

The complaint form (Appendix 1) should be completed to support this process. This will give the school as clear an understanding as possible of the complaint and includes a section on what actions the Complainant believes could resolve the issue.

The school can be requested to provide support in completing the form from someone unconnected with the complaint and would be happy to do so.

Written complaints should be returned to the headteacher. Complaints about the headteacher or a governor should be returned to the chair of the Governing Board at the school address, marking the envelope 'FOR IMMEDIATE ATTENTION'. Complaints about the chair of the Governing Board should be returned to the Governance Professional at the school address.

An acknowledgement of a complaint is issued within 5 school days of its receipt.

6. Investigation

An investigation will be undertaken into the complaint as well as how it was originally handled by the school. This will include a review of relevant documentation and information and seeking the views of relevant people. The Headteacher will appoint an investigator who will normally write to the complainant with the outcome of this process within 15 school days of receiving the complaint. Where this is not possible, the investigator or Headteacher will keep the complainant informed as to progress.

A complaint determined to be a disciplinary or capability issue will be dealt with by following the appropriate procedure rather than this Complaints & Resolution procedure. The complainant will be notified if this is the case, but is not entitled to know which procedure, or the outcome, because of the right to confidentiality of the member of staff involved.

A concern not resolved at Stage 2 can be escalated to Stage 3 of this procedure, including allegations of malpractice or administration (see Section 9 below). The school must be advised within 15 school days of the completion of Stage 2 should this be the case.

7. Stage 3

At this stage the complaint will be considered at a Complaints panel hearing which will make a final decision about it on behalf of the Governing Board.

Panel members will be Governors who have no detailed prior knowledge of the complaint, nor connection with the complainant, and an additional panel member will be independent of the

management and running of the school. The hearing normally takes place within 15 school days of the request to escalate to Stage 3.

The Complainant may submit evidence prior to the hearing and attend, accompanied by a friend/partner if they wish, to put their case. The headteacher will be given the same opportunities. Appendix 2 outlines the process that will be followed at a panel hearing.

The clerk to the panel will minute the hearing. The minutes will not be a verbatim account but will record the important elements of the case, e.g. the nature of the complaint, any action taken and any agreed outcome or solutions. The minutes will be signed off by the panel chair and a copy given to the parties as soon as possible after the meeting.

8. Outcome of the Panel Hearing

The panel will issue a written report with its decision within 5 school days of the hearing. The panel's decision is final.

A complaint that remains unresolved following Stage 3 can be referred to the Education and Skills Funding Agency (ESFA). The ESFA will check whether the complaint has been dealt with properly by the school. The ESFA will not overturn a school's decision about a complaint. However, it will investigate:

- Whether there was undue delay, or the school did not comply with its own Complaints & Resolutions procedure
- Whether the school was in breach of its funding agreement with the secretary of state
- Whether the school has failed to comply with any other legal obligation

If the school did not deal with the complaint properly, it will be asked to re-investigate the complaint. If the school's Complaints & Resolution procedure is found not to meet regulations, the school will be asked to correct its procedure accordingly.

The complaint can be made, or referred, online. For more information, please see the following webpage: <https://www.gov.uk/complain-about-school>

9. Serial or Unreasonable Complaints

In a small minority of cases complaints may be pursued in a way which can either impede the investigation of the complaint or can have significant resource issues for the school.

These actions can occur either while the complaint is being investigated, or once the school has concluded the complaint investigation.

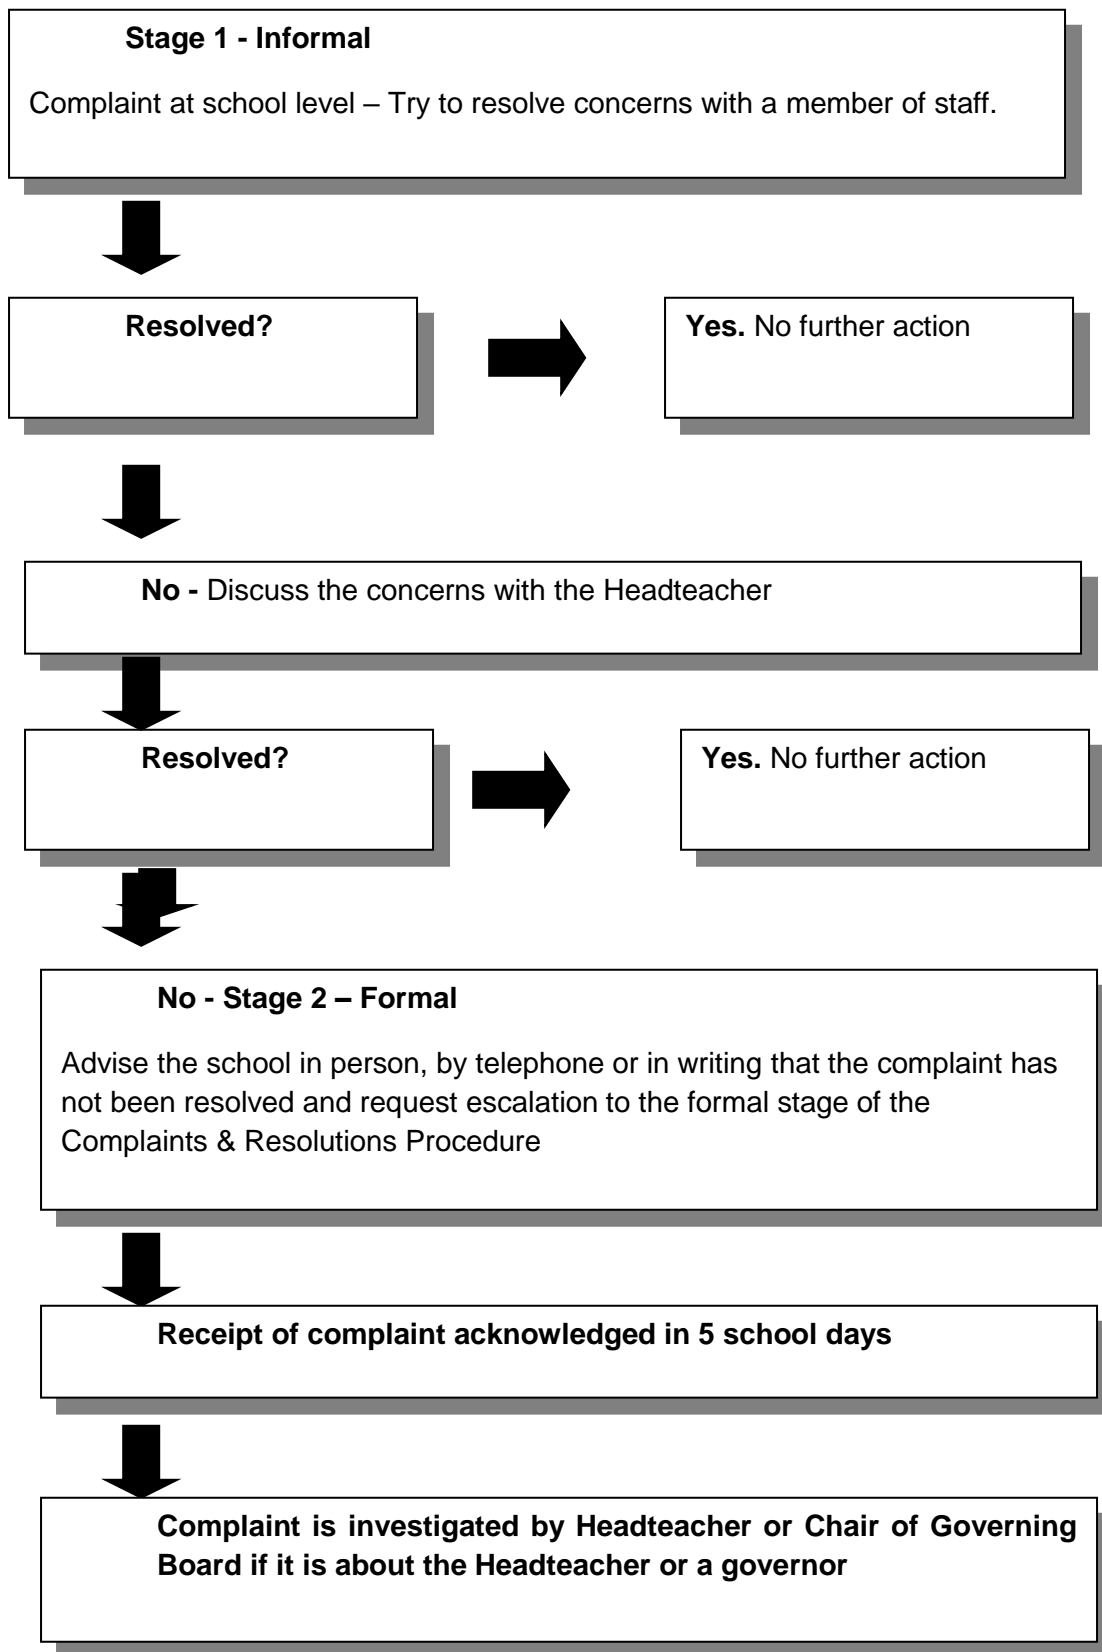

In such cases, the school will follow advice from the Department for Education and the Local Government Ombudsman and follow its policy and procedures for managing unreasonable complaints/behaviour.

10. Monitoring and Review

The Governing Board audits the processing of complaints against this procedure to ensure compliance. The headteacher logs all formal complaints received by the school and records how they were resolved. Governors examine this log on an annual basis and consider the need for any changes to the procedure.
